VERIFICATION OF DLI 1 — Year Five Verification

Six Work-Readiness Boot Camps Launched by PDD in Priority Sectors

Planning & Development Department, Government of Sikkim

1. Verification Objective

The objective of this verification is to confirm whether the Planning & Development Department (PDD), Government of Sikkim, has achieved DLI 1 – year five DLR 1.5.2 under the INSPIRES Programme. The DLR requires that six work-readiness programs/boot camps would be launched by PDD in priority sectors.

The Planning & Development Department (PDD) acts as the implementing department for the Sikkim INSPIRES Programme. Its responsibilities include issuing Letters of Empanelment to training partners, granting formal Work Orders for specific training batches, and providing guidance and support for the program's objectives. The IVA's role is to verify that these administrative actions resulted in the actual launch of the required boot camps.

The empanelled training partners (Bilingual Vitae and 24-Hour Inspires Consultancy) are responsible for the design and delivery of the 2-day training boot camps. This includes candidate registration, conducting the 20–24 hours of training (covering modules like Communication and Digital Literacy), maintaining attendance registers, performing pre- and post-assessments, and submitting a final Project Completion Report.

The verification assesses the submitted evidence provided by the PDD and the empanelled training partners against the approved Verification Methodology, Protocol, and Data Requirements. The verification includes desk review of empanelment letters and work orders issued by the PDD, as well as activity reports, attendance registers, MIS records, pre- and post-assessment records, certification-related documents, and project completion reports submitted by the empanelled training partners.

2. Summary of DLI 1 — DLR 1.5.2

DLI 1 relates to work-readiness skills development for unemployed and career-growth-seeking youths of Sikkim. DLR 1.5.2 requires verification that six work-readiness programs/boot camps were launched by PDD in priority sectors. Two empanelled training partners — 24-Hour Inspires Consultancy and Bilingual Vitae (AIS-Bilingual Vitae OPC Private Limited) — were assigned to conduct these boot camps at designated locations in priority sectors under the Sikkim INSPIRES Programme.

4. Verification Methodology

The IVA followed the verification protocol in three steps:

First, the IVA reviewed the empanelment letters and work orders issued by the Planning & Development Department, Government of Sikkim, to confirm the formal engagement of two training partners and the sanction of six boot camps across six locations in the healthcare priority sector.

Second, the IVA reviewed the activity reports, boot camp completion reports, and attendance registers submitted by both training partners to verify that six distinct boot camps were conducted, each covering the prescribed training content on Communication Skills and Digital Literacy.

Third, the IVA reviewed the pre- and post-assessment records submitted by Bilingual Vitae for two of the four boot camps (SKM-003 and SKM-004), which record candidate-wise scores, competency analysis, score distribution, and self-assessment ratings, to verify evidence of structured assessment.

Verification Step	Basis / Approach	IVA Treatment
Desk review -Empanelment & Work Orders	Review of letters issued by PDD dated 19–20 May 2026 to both training partners	Verified formal engagement of two partners for six boot camps across six locations
Desk review - Activity Reports (24-Hour Inspires)	Review of boot camp reports for ITI Rangpo and ITI Kewzing (21–22 May 2026)	Verified conduct of 2 boot camps, 35 participants each, in healthcare sector
Desk review - Project Completion Report (Bilingual Vitae)	Review of completion report (dated 25 May 2026) and attendance registers for 4 boot camps	Verified conduct of 4 boot camps, 35 participants each, at four locations in healthcare sector
Desk review - Pre & Post Assessment	Review of assessment reports for SKM-003 and SKM-004 (dated 24 May 2026)	Verified candidate-wise scores, competency analysis, and self-assessment data

5. Desk Review of Boot Camp Activity Reports and Evidence

The desk review verified whether six distinct work-readiness boot camps were launched and conducted by PDD through empanelled training partners in priority sectors. The verification assessed each boot camp against the required data elements specified under:

5.3 Pre- and Post-Assessment Summary (Bilingual Vitae — SKM-003 & SKM-004)

This section in the report summarizes data originally found in the "Pre-Assessment & Post Assessment Report" submitted by Bilingual Vitae. Bilingual Vitae submitted pre- and post-assessment reports for SKM-003 (Salbari) and SKM-004 (Salugara). The IVA summarized analysis for batches SKM-003 (Salbari) and SKM-004 (Salugara). SKM-003 showed an overall improvement of 80 points (increasing from a pre-training average of 170 to a post-training average of 250 out of a total 250 cumulative scale). SKM-004 showed an overall improvement of 65 points (increasing from 170 to 235)

Competency Area	SKM-003 Pre	SKM-003 Post	SKM-004 Pre	SKM-004 Post	IVA
Technical Knowledge	40	60	45	60	✓
Practical Skills	40	60	40	60	✓
Problem Solving	50	65	45	55	✓
Communication / Soft Skills	40	65	40	60	✓
Overall (out of 250)	170	250	170	235	✓

Both boot camps demonstrated consistent improvement across all competency areas. Score distribution shifted from Low/Medium bands to predominantly High-performance bands post-training. Self-assessment ratings for Confidence Level, Job Readiness, Ability to Apply Learning, and Motivation also showed positive change.

5.4 Verification of Attendance and Trainee Lists

Boot Camp	Attendance Format	Participants Recorded	Sector	IVA Assessment
Boot Camp 1 (ITI Rangpo)	Signed manual register	35	Healthcare	Verified — signed attendance sheets with names and sectors
Boot Camp 2 (ITI Kewzing)	Signed manual register	35	Healthcare	Verified — signed attendance sheets with names, sector, gender
SKM-001 (BV Tadong)	Signed manual register	35	Healthcare	Verified — 35 signed entries, healthcare sector, female
SKM-002 (BV Attic Lounge)	Signed manual register	35	Healthcare	Verified — 35 signed entries, healthcare sector, female

SKM-003 (BV Salbari)	Digital self-declaration + pre/post assessment	35	Healthcare	Verified — digital register with name, email, phone, attendance on both days; pre/post assessment records attached
SKM-004 (BV Salugara)	Digital self-declaration + pre/post assessment	35	Healthcare	Verified — digital register with name, email, phone, attendance on both days; pre/post assessment records attached
Total		210		All six boot camp trainee lists verified

6. Overall Verification Assessment

Based on desk review of the empanelment letters, work orders, boot camp activity reports, attendance registers, and pre- and post-assessment records, the IVA finds that DLI 1 – DLR 1.5.2 has been achieved.

- a. PDD issued Letters of Empanelment to two training partners — 24-Hour Inspires Consultancy (File No. 108, dated 19.05.2026) and Bilingual Vitae (File No. 109, dated 19.05.2026) — both accepted on 20.05.2026.
- b. Work Orders were issued to 24-Hour Inspires Consultancy (File No. 110, dated 20.05.2026) for 2 boot camps and to Bilingual Vitae (File No. 111, dated 20.05.2026) for 4 boot camps, totalling six sanctioned boot camps.
- c. Six distinct boot camps were conducted across six locations in the healthcare priority sector: ITI Rangpo, ITI Kewzing, BV Centre Tadong, Attic Lounge Gangtok, BV Salbari Unit, and BV Salugara Unit.
- d. All six boot camps covered a consistent curriculum on Communication Skills and Digital Literacy comprising 6 modules: Communication Skills, Resume Building, Interview Techniques, Professional Etiquette, Time Management, and Digital Literacy.
- e. Attendance registers confirm 35 participants per boot camp, totalling 210 participants across six boot camps, all in the healthcare sector.
- f. Pre- and post-assessment records are available for SKM-003 and SKM-004, demonstrating measurable learning improvements in all competency areas.
- g. Trainer profiles confirm qualified trainers with relevant industry experience for all six boot camps.
- h. Certificates of participation were awarded to participants upon successful completion of each boot camp.

Protocol Requirement	Evidence Reviewed	IVA Assessment
Six boot camps launched by PDD in priority sectors	6 boot camp activity reports / project completion reports covering 6 distinct locations	Verified — 6 boot camps confirmed across ITI Rangpo, ITI Kewzing, Tadong, Gangtok, Salbari, Salugara
Training in priority sector	All attendance registers record 'Healthcare' as the sector for all participants	Verified — all 210 participants confirmed as healthcare sector youth

Training partner engagement through formal documents	Empanelment letters and work orders issued by PDD for both partners	Verified — two formal empanelment letters and two work orders confirmed
DRD 1.3 data elements (name, sector, partner, date, objectives, content, methodology, schedule, trainers, assessment, outcomes, certification)	Activity reports for ITI Rangpo, ITI Kewzing, and Bilingual Vitae Project Completion Report	Verified — all required data elements confirmed for all six boot camps
Trainee list with participant details	Manual signed registers (SKM-001, SKM-002, ITI Rangpo, ITI Kewzing); Digital self-declaration registers (SKM-003, SKM-004)	Verified — 35 participants per boot camp, totalling 210 across six boot camps
Assessment details and learning outcomes	Pre/post assessment reports for SKM-003 and SKM-004; participation-based assessment for remaining boot camps	Verified — measurable competency improvement confirmed; certificates awarded in all six boot camps

7. Conclusion

The IVA concludes that DLI 1 – DLR 1.5.2 is verified. PDD has achieved the requirement that six work-readiness programs/boot camps were launched in priority sectors. Desk verification confirms that six distinct boot camps were conducted by two empanelled training partners 24-Hour Inspires Consultancy and Bilingual Vitae between 21 and 24 May 2026, across six locations, for 210 participants in the healthcare priority sector. All required data elements under DRD 1.3 have been verified from the submitted evidence. The verification for DLR 1.5.2 is based on the launch and conduct of training programs through desk review of submitted evidence. While the verification methodology includes review of MIS records, the MIS data was not submitted for verification. Accordingly, the achievement was verified based on the manual and digital attendance registers, activity reports, project completion reports, and pre- and post-assessment records submitted by the empanelled training partners to the PDD.

8. Recommendation

Based on the above verification, the IVA recommends that DLI 1 – DLR 1.5.2 be considered achieved and eligible for disbursement of USD 15 Million as per the approved disbursement schedule under the INSPIRES Program.
